The commons are a unique part of campus that adds to the strong sense of community found here on campus. There are five commons that make up the residential system - Atwater, Brainerd, Cook, Ross, and Wonnacott. The Commons Teams work to enhance the students academic and social lives on campus. They host speakers, events, dinners, dances - the activities are endless.

Last summer, I had the privilege of traveling to Ndera, Rwanda, where I represented GlobeMed at Middlebury with our partner organization Gardens for Health International (GHI) for a graphic design internship. GHI empowers the members of the communities in which they work to help implement agricultural solutions to childhood malnutrition. The experienced transformed my outlook as a prospective health professional and advocate of global health equity. As the GHI motto goes, Turi Kumwe (We Are Together).

This picture was taken in the Okavango Delta in Botswana. I spent 3 nights in the Delta while I was abroad, which was probably the most remote and most beautiful place I've ever been. We would hear lions and hyenas while we were falling asleep in our tents at night, assured by our leaders that they were across the river and couldn't swim. This photograph was taken while we were going to our eventual campsite. We traveled in hand-made canoes called "makoros," in what we would later find out were hippo-infested waters. Needless to say, it was an incredible adventure.

I had a great time in Montevideo. I was living with a host family, taking some really interesting classes at the local university, interning with the English department at an elementary school, and swimming with a Uruguayan Master's team. All of these aspects played a huge role in my experience, and I really appreciate Uruguayans' interest in teaching me about Uruguay and helping me get used to living there. The best part of the experience was definitely the people: the other students with the Middlebury program, the Middlebury program coordinator, and, most of all, the many Uruguayans who willingly shared their lives and experiences with me, allowing me to form a lasting connection to the country.

Two years after winning the coveted Directors' Cup for the first time in school history in 2012, the Panthers continue to deliver on the field. By the end of November 2013, Middlebury had three top 10 finishes: women's cross country (3rd), field hockey (5th), and men's cross country (7th). After a record-breaking season, the women's soccer team's 3rd place finish pushed the panthers to 2nd place overall in Directors' Cup standings. Middlebury rounded out the year with a 10th place finish.
